## Our Services

### INTERNATIONAL FREIGHT FORWARDING

To bridge the complex competitive divide between the delivery of products, from source to end-destination, for quick sale thereof, requires extensive experience and specialist knowledge. As an International integrated freight forwarder, we have expert and experienced "know-how" partner in commercial matters, multi modal transport, import and export processes and regulations.

APML will ensure that all commercial and statutory documentation for international trade requirements of both origin and destination are provided from a single service point and executed and supported by specialized and dedicated teams and staff that ensure your peace of mind.

## AIR FREIGHT

APML have been working with IATA , FFAI, International Network. Dedicated vehicles ensure prompt collection and dispatch from all the cargo handling facilities at the airports. We handle consolidation shipments as well as back to air shipments imports and exports. Airfreight remains the premium form of transport where the requirement is for rapid international delivery, exact arrival times for order fulfillment and product availability, just-in-time inventory (JIT) management, and products with limited life. APML ensures space availability when you need it most. We are a reputable, credit worthy company with accounts at all airlines. Freight chartering is another area of expertise that we are well experienced in. Our specialist air freight team satisfies clients who require the transport of perishable products as well as general cargo.

## SEA FREIGHT

APML team has more than 20 years of experience in sea freight industry. APML has the expertise to secure space and best freight rates for both import and export shipments. We handle both FCL / LCL shipments, Reefer containers, Over dimension cargo in FLAT RACKS, RORO, door pickup and door delivery shipments. We use our relationships with carrier and CFS to leverage for our clients.

## ROAD FREIGHT

As part of end to end integrated international logistics solutions, APML provide flexible regional transport, with expert skills in crossing border procedures, type of product and priority shipment handled. This is for individual or consolidation loads(FTL/LTL) for all types of cargo. Our fleet enables us to control schedules and delivery priorities that we commit to.

We handle temperature controlled and oversized cargo.

## CUSTOMS CLEARANCE & SPECIALIZED SERVICES

Our customs clearance and documentation service is linked online with the ICEGATE of Customs and Excise via a EDI system. We can assist with the payment of duties, surcharges and VAT. Expert review of tariff and product codes ensures error free customs documentation handling and advice that could truly be valuable to your business. We provide the sea and airfreight storage facilities for both bonded and non bonded cargo.

We provide Registration services for Projects, STPI ,EOU, SEZ units along with customs related Licenses.

We handle DEPB and Duty drawback release cases. We provide consultancy services to startups - importers and exporters. We can assist to procure SVB Special Licenses.

## CONSOLIDATION SERVICES REDUCE COSTS

With our buyer's consolidation services, you will have reliability, less cargo handling and fewer units to handle at your end destination. Buyer's consolidation services give you reduced costs and environmental savings and offer full transparency in a more simplified manner compared to multiple LCL shipments.

## OPTIMIZED UTILIZATION THROUGH CONSOLIDATION

APML optimizes the utilization of containers as part of our consolidation services. We consolidate multiple LCL shipments into FCL shipments. Dedicated containers are packed and sealed for final delivery at the customer's premises or seaport warehouse.

## OPTIMIZED UTILIZATION THROUGH CONSOLIDATION

Located near the automotive, engineering, pharma and IT hubs, we have the know how and expertise in warehouse management systems. We provide in house warehouse storage with 100% security, with all facilities for loading / unloading, physical scanning and stacking of goods along with transportation services for pickup and delivery. We also provide Special services for maintenance of storage pallets. We can manage bonded warehouse of EOU and SEZ.

## OPERATIONS FOR TEMPERATURE CONTROLLED SHIPMENTS

Whether it is for import or export shipments, we have “know-how” to provide air freight and sea freight logistics solutions for temperature controlled cargo. Dedicated teams produce and process all the import or export documents and administration in-house. This enables quick and crisp clearance for our integrated services to and from destinations. We can collect and deliver your airfreight and sea freight consignments to and from India. Our scale of operation enables us to procure the best space availability and rate when you need it most.

## CARGO

APML has the expertise in customs clearance of garments, auto parts, food stuff, pharma, medical equipment, electronic hardware, communication hardware, ADC , granite, furniture and wooden articles.

## ONE STOP SOLUTION

Ensuring that all the end to end international shipping solutions are executed rapidly, accurately and to perfection. Specific coordinated operations guarantee that the service levels that we offer are achieved.
